Comments: Under Wis. Statute §767.57, child support agencies must enter court-ordered support information into the KIDS system for all cases, including cases where the parties are privately represented or pro se. The FA-612 provides court-ordered child and spousal support information to the child support agency immediately. This form must be completed in all cases unless the final order will be filed within 24 hours after the hearing.

Federal regulations require that the Wisconsin Support Collections Trust Fund (WI-SCTF) must disburse child support funds collected within 48 hours of receipt. Delayed entry of the terms of a court order into KIDS will result in delayed or misapplied payments. The FA-612 will help ensure that employers receive timely income withholding notices, and that support collections are processed accurately and sent to the family immediately.

About this form: This form is the product of the Wisconsin Records Management Committee, a committee of the Director of State Court's Office and a mandate of the Wisconsin Judicial Conference.
